SYNOPSIS: This Ordinance is the Annual Revenue Ordinance for fiscal year 2008.

Section 1 establishes a General Operating property tax rate in New Castle County.

Section 2 establishes the Local Service Function property tax rates in the listed areas of New Castle County.

Section 3 establishes the tax rates in the light districts of New Castle County.

Section 4 establishes the tax rates for school crossing guards.

Section 5 provides that fees and charges not specifically addressed in this Ordinance can be established at some future time.

Section 6 provides that other receipts and funding sources, together with the proceeds from the sale of bonds authorized by County Council, shall be included in the revenue of New Castle County collected during fiscal 2008 to be used in accordance with the budget ordinance.

FISCAL NOTE: This Ordinance proposes fiscal 2008 tax rates which in conjunction with other anticipated sources of revenue are estimated to yield sufficient revenue to balance the proposed fiscal 2008 Operating Budget.

These proposed real property tax rates applied to estimated taxable assessments and estimated quarterly additions (net of exemptions) are anticipated to yield approximately \$83,781,111.

The proposed light district tax rates, as cited in Section 3, are anticipated to yield revenues of \$2,881,484. These revenues, together with other revenue sources, are estimated to support direct street lighting expenses plus overhead.

The proposed school crossing guard rates, as set forth in Section 4, are anticipated to yield revenues of \$3,414,723. These revenues, together with other revenue sources, are estimated to support direct crossing guard expenses plus overhead.

This Ordinance as proposed has no explicit fiscal impact upon the next two fiscal years as the rates are legislated annually by County Council.
