OFFICE OF FINANCE

Dear Maintenance Corporation,

New Castle County currently has a program in which the County sends annual bills and processes payments on behalf of some Maintenance Corporations (MCs) for the MC dues or assessments that residents of the subdivision are required to pay. As of January 1, 2010, this program was opened to all Maintenance Corporations in New Castle County. This program is not for civic associations, condominium associations, etc.; it is for Maintenance Corporations only.

MCs already enrolled in this program, and wish to remain in the program for 2020, will be **required to complete, sign, and return the attached Annual Enrollment Form by February 17, 2020.**

MCs interested in joining the program for the first time (and would like to have NCC handle the billing in 2020) will be required to complete, sign, and return the attached Annual Enrollment Form, ACH authorization form, and a W-9 form by **February 3, 2020**. *The deadline for MCs that are new to the program is earlier than for MCs already in the program because of the time it takes to set up new MCs in the billing system.*

Any Maintenance Corporation not currently in the program that returns a completed and signed enrollment form after February 3, 2020 will not be able to participate in the program in 2020 but will be added to the program in 2021. There will be no exceptions.

New Castle County evaluates its billing service annually and determines the upcoming year price. The Maintenance Corporation billing program has an annual "per parcel" fee to cover costs associated with providing the billing services. Doing this ensures that only those benefitting from the service are paying for it, rather than having all County taxpayers pay for the program as part of their annual property tax. **The fee for 2020 will be \$10.50 per parcel.**

As part of the Maintenance Corporation billing program, New Castle County will do the following:

- Print and mail bills for the annual MC assessment charges in March, using assessment amounts provided by each MC. The due date for the bills will be April 30. (If April 30 falls on a weekend or holiday, the following business day is the designated due date.)
- Add penalty once a month to principal amounts that are unpaid as of the last day of the prior month, and send past due notices in May, August, and November to owners detailing their unpaid balances.
- Make any authorized adjustments to assessment or penalty amounts. No adjustments will be made without written authorization from the Maintenance Corporation; except in correcting errors made by New Castle County.

- Remit amounts received to each Maintenance Corporation **by ACH** based on the schedule below.
 - February (for payments posted from November 1 to January 31)
 - May (for payments posted from February 1 to April 30)
 - June (for payments posted from May 1 to May 31)
 - August (for payments posted from June 1 to July 31)
 - November (for payments posted from August 1 to October 31)
- With each remittance, a report showing payments by customer for that period will be included.
 - Note: Maintenance Corporations may also periodically request reports showing unpaid balances by customer.

All questions and concerns should be directed to one of the New Castle County Treasury Staff members listed below. Please send all e-mails to the general email address listed below.

Primary contact:
 Sharon Lucernoni
 Phone: (302) 395-5079

 New Castle, DE 19720

Each Maintenance Corporation in the program must fulfill **all** of the obligations listed below. Any MC that does not fulfill **all** of these obligations may be removed from the program at any time.

- MCs already in the County billing program must return a signed Annual Enrollment Form by February 15th. If February 15th is on a weekend or County holiday, the form is due the next business day. The enrollment form must be signed and every line item must be completed.
- MCs that are new to the program must return a signed, **fully completed** Annual Enrollment Form, ACH authorization form, and W-9 form by February 3rd. If February 3rd is on a weekend or County holiday, the form is due the next business day.
- MCs must provide the County with a current contact person for the MC in the Annual Enrollment Form. The County will send this person all correspondences and communications regarding MC dues and assessments received.
- MCs must provide the annual MC assessment amount to be charged for each parcel in the subdivision, as well as the penalty amount or percentage that will be charged for past due principal balances.
- All services for which MCs are charging in the annual assessment must be allowable according to applicable County and State laws.
- Any adjustments to balances and/or penalty must be authorized by the MC in writing to NCC; unless it is to correct a mistake made by NCC.
- It is the MC's responsibility to answer any questions about the annual assessments, penalty charges, or any other questions related to the charges on the bills. NCC will not answer these questions.
- Collection of unpaid amounts is the responsibility of the MC. The County will not take any collections actions on unpaid amounts other than to send three past due notices per year as previously explained.

A final reminder of the deadlines:

- Maintenance Corporations that are already in the billing program must return the attached Annual Enrollment Form by **February 17, 2020**.
- MCs that are not currently in the billing program but wish to join it in time for the March 2020 billing must return the attached Annual Enrollment Form, ACH authorization form, and W-9 form by **February 3, 2020**.

We look forward to assisting many Maintenance Corporations through this program.

Sincerely,

Maria Scarpa
Accounting & Fiscal Manager
